Second Grade Virtual Class Expectations 20-21

Zoom Expectations:

- **Be on time and present to each Zoom.** To help with this set an alarm on the iPad for 5 minutes before each zoom. If a situation arises where your student will not be able to make it to zoom I will need to be notified right away.

- **Come prepared to each Zoom.** They will need their iPad fully charged, a sharpened pencil, everything that came in their virtual learning toolkit, and their virtual learning notebook.

- **Stay engaged and focused.** Students will actively participate by whole body listening with ears, eyes, and brain. They also need to be seated and not laying down with their eyes on the screen.

- **Stay muted.** Due to so much background noise students will need to be muted unless there is an emergency, they cannot see the screen, and/or they are called on by the teacher.

- **The video must be on the entire time.** I need to be able to see them during the whole zoom. If a situation arises that they will need to stop their video for please email or Dojo me and let me know.

Seesaw Expectations:

- **All assignments for the day must be completed the night they were assigned by 8:00 pm.** I will be checking them the next morning and if they are not completed I will contact you and talk to the student one-on-one. If something comes up where you think you will need more time I will need to be notified.

- **If work is sent back students are expected to read or listen to my comments and fix their mistakes.** If they are still confused they can comment back and I can help.

Rubric for Seesaw Assignments:

<table>
<thead>
<tr>
<th></th>
<th>1</th>
<th>2</th>
<th>3</th>
<th>4</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>Student did not complete at least half of all assignments, did not show work or give appropriate</td>
<td>Student completed at least half of all assigned activities, used appropriate</td>
<td>Student completed all assigned activities, used appropriate grade level</td>
<td></td>
</tr>
<tr>
<td>responses, or did poorly on the problems/questions answered.</td>
<td>strategies/responses, and answered most of the problems/ questions correctly.</td>
<td>strategies/responses, and correctly answered all problems/questions.</td>
<td></td>
